

PREETI AUDITTO

Data Analyst | Data Analytics, SQL & Business Intelligence | B.Tech CSE

preetiauditto2020@gmail.com | +91-8688005277 |  LinkedIn |  GitHub |  Portfolio | Secunderabad, India

PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Python, data analysis, and dashboard development. Skilled in data cleaning, exploratory data analysis (EDA), KPI tracking, and data visualization to transform raw data into actionable insights, with foundational knowledge of machine learning and predictive modeling.

Passionate about turning messy data into clear, decision-ready reporting — and about leading data-focused initiatives that scale.

TECHNICAL SKILLS

Languages: Python, SQL

Data Analysis: Excel, Pandas, NumPy, Statistical Analysis, EDA, Data Cleaning, KPI Tracking

Visualization & BI: Streamlit, Matplotlib, Power BI, Dashboard Design, Data Storytelling

Tools: Git, GitHub, Jupyter Notebook, Excel, PowerPoint, Figma, Canva, VS Code

Concepts: Object-Oriented Programming (OOP), REST APIs, API Integration

WORK EXPERIENCE

Data Associate L1 Infotact Solutions 2026 – Present | Hyderabad

- Analyzed **AI4I 2020 IoT data** to identify machine failure trends and key sensor KPIs; built a **LightGBM model** with **SHAP-based explanations**.
- Deployed **PredictX**, a live **Streamlit dashboard** for real-time KPI monitoring, failure alerts, and trend visualization, version-controlled via **GitHub**

Co-Operational Head Techie Hub, CSE, MRCE Oct 2025 – Present | Secunderabad

- Led **data-driven planning and reporting** for **500+ CSE students** across major technical initiatives.
- Coordinated **mentorship programs and event execution** with senior leadership and student teams.

Technical Lead Techie Hub, CSE, MRCE Aug 2026 – Present | Secunderabad

- Lead the **technical team** at **Techie Hub**, managing projects and coordinating development activities.
- Mentor **team members** and drive the execution of **technical projects and initiatives**.

PROJECTS

Multiperspective Fraud Detection System Python, SQL, Scikit-learn, XGBoost Academic Project, 2024

- Analyzed **e-commerce transaction data** to identify **fraud patterns** and reporting KPIs, comparing multiple foundational **ML models (XGBoost, Random Forest, Logistic Regression, SVM, Neural Networks)** on precision/recall metrics.
- Delivered a comparative performance report highlighting **model tradeoffs** to support **data-driven fraud-monitoring decisions**.

Contextual Predictive Maintenance using IoT Edge AI Python, SQL, LightGBM, SHAP, Streamlit Infotact Solutions, 2026

- Performed **end-to-end data analysis** on the **AI4I 2020 industrial IoT dataset**, including **data cleaning, EDA, and KPI definition**, to identify **failure trends** across sensor readings.
- Built and deployed **PredictX**, a live **reporting dashboard** for **sensor KPI monitoring** and **automated failure alerts**, translating model output into **business-readable insights**.

SmartCity — AI-Powered Waste Management Python, REST APIs, IoT Project, 2026

- Developed an **AI-powered waste classification system** to identify waste types and support **smart waste management**.
- Integrated **frontend-backend REST APIs** and built **role-based dashboards** for waste reporting and real-time monitoring.

EDUCATION

Malla Reddy College of Engineering, Hyderabad B.Tech, Computer Science Engineering – CGPA: 8.6/10 2023 – 2027

Kendriya Vidyalaya Bolarum, Secunderabad Class XII (CBSE) – 81% 2021 – 2023

Kendriya Vidyalaya Bolarum, Secunderabad Class X (CBSE) – 89% 2021

ACHIEVEMENTS & CERTIFICATIONS

- Finalist in Quantum Arena -36 Hours Hackathon
- Winner — Technical Quiz, MRCE 2025.
- Best Idea Award — AI Hackathon, IITxAIESEC Hyderabad 2024.
- Hosted and anchored 15+ college-level data/tech events (200–500+ students); grew Techie Hub CSE membership by 30% through outreach and workshops.
